ECIC also delivers dedicated insurance schemes in business sectors other than contracting. We are actively seeking more schemes business.

If you look closely at your customers and the insurance covers they need, you can start to identify groups with common requirements that could be met by a specific scheme.

With the right insurer by your side, schemes can provide a significant revenue stream, and a great customer experience.

ECIC has been supporting bespoke schemes since 2012 and has established a reputation for quality of service and underwriting. Our current schemes' portfolio covers a wide variety of industry sectors including:

- Rented Property
- Contractors
- Individual Mobility
- Self Build Homes

A full range of property and liability insurances are at the heart of these schemes.
